

## Maintenance notes for SIGNAPUR® - glass sealing

Status: 02.04.2020

Please observe the following information aimed at protecting you and your customers from damage and so as not to endanger any claims for compensation and warranty claims. The following information is designed to draw your attention to specific details which are often overlooked, but are important, and therefore must be considered. As such recommendations are of a general nature, and not aimed at each specific case, they do not lay claim to completeness. All valid laws, directives, standards and recognised technological regulations must also be observed. Please refer to the separate enclosures for product-specific information. Please contact us if there is any doubt. Non-compliance with this information will endanger any claims for compensation or warranty claims.

### Avoid the application of:

- **Abrasive media i. e.**

- ⇒ abrasives , polishing agents
- ⇒ mechanical treatment with blades, steel wool

These media act like sand paper and remove the sealing.

- **Soap containing cleaning agents i. e.**

- ⇒ dishwashing detergents, soapsuds

Residua of these media on the glass may influence the hydrophobic effect negatively.

- **So called EASY TO CLEAN cleaning agents**

- ⇒ media with hydrophobic acting substances, which promise a pearl effect

Such media cover the SIGNAPUR® glass sealing, may influence the sealing negatively (i. e. building up of cords) and do not result in an observable additional benefit.

### Please apply the following media to clean glasses with SIGNAPUR® sealing:

#### Commercially available window and glass cleaning agents i. e.

- ⇒ alcoholic cleaning agents, spirituous cleaning agents
- ⇒ spirituous water, normal tap water

In most cases soft cleaning agents are completely sufficient to clean the glass. Aggressive and mostly expensive media are not necessary. Respecting this you do something to conserve the environment and additionally you save your money.

Following the above maintenance notes you will enjoy the advantages and benefits of your SIGNAPUR® - coated glass for a long time.
